Thanks. I will note to follow up with potential dates after we meet with the Treasurer's Office next Tuesday.

Thanks, Jane. Sounds like it makes sense to shift to the larger meeting. We would welcome participation in that meeting from someone in the treasurer's office.

In addition to the ANR and Treasurer team, would you please also include Ben Walsh and Paul Burns of VPIRG (bwalsh@vpirg.org; pburns@vpirg.org) and Geoff Hand and Marco Simons of SRH law (ghand@srhlaw.com; msimons@srhlaw.com)? If it is easier for me to coordinate with them, I will do that.

Many thanks for your time.

Best,
Anthony

Hi Anthony,

Thanks for getting back to me. If you would like to focus on scheduling the larger meeting, I think that makes sense. We are meeting with the Treasurer's Office next week so we should schedule the meeting after that conversation has occurred.

Please let me know who you would like at the meeting, and I can coordinate state calendars and offer some times. I am specifically curious if you would like the Treasurer's Office to have someone there. Thanks.

Jane

Hi Jane and others,

Among the topics I wanted to discuss with you this week on Wednesday was scheduling of a broader meeting to discuss implementation support post RFI responses. I know others besides CLF are interested in that meeting, including VPIRG stakeholders who, like CLF, will likely participate in any legislative deliberations on resources and timelines related to Act 122 implementation.

If you want to defer all conversation to that broader meeting and cancel our Wednesday call, that's fine. Just let me know.

Otherwise, if you suggest some times for this broader meeting, I can coordinate with the other members of the small group of stakeholders to find a time that works for everyone.

Many thanks,
Anthony

Hi All,

Hope you all had a nice weekend. Anthony reached out to me last week and it occurred to me that it might make more sense to maximize a call by setting a meeting date for all of us together. Is that still of interest? If so, I can work to schedule a meeting as soon as possible.

Please let me know.

Thanks!
Jane

Thanks, Jane. We were thinking along the same lines in terms of timing (that is, to not meet until after the RFI period had closed). I just figured with so many peoples' schedules to navigate, it could be easier to schedule something now for a date out in late October/early November while calendars are relatively open for those weeks. If you'd prefer to wait to schedule something, I'd gladly circle back after the RFI deadline closes. I'll take your lead.

Appreciatively,
Elena

CAUTION: Email from outside CLF.

Afternoon Elena,

Thanks for reaching out. At this juncture, we would like to wait for the RFI to close and see the responses we get prior to meeting. If your group submits your response early, then we can advance a meeting once we have received it. We did have a question-and-answer period but didn't get any questions.

Hope that will work for you and the others you are working with.

Thanks,
Jane

Dear Jane,

It was nice to see you at the EAN event last week. I'm reaching out on behalf of a group of folks I've been meeting with who are committed to assisting the State with Act 122 (Climate Superfund) Implementation. The group includes local and national experts in the field of law, policy, and climate attribution science. We've been working recently on helping to disseminate and draw responses to ANR's July 22nd Request for Information.

We met with the Treasurer's Office a few weeks ago to share our goals/skillset/offers of support. We would like to line up a similar meeting with you and the relevant folks at the Climate Action Office/ANR who are working on implementation of Act 122.

If you are interested in such a meeting, perhaps you could offer a few times in late October that would work and I can run by folks on my end?

Thanks,
Elena

p.s., I'm cc'ing Catherine Gjessing just in case she wants to be kept in the loop on this correspondence.
