Hi Megan,

In conversations with Matt Chapman (which he initiated prior to the break week), he had mentioned the Agency also wanting some incorporation by reference to either Title 10 Ch 201 or 211 to enable enforcement in the case that a responsible party doesn't pay up. I seem to recall you and I also discussed that concept favorably in one of our initial conversations.

Was that something you all discussed and consciously decided not to include or was this just an omission?

Thanks,  
Anthony

Hi Anthony,

I just heard from Maggie, and she intends to offer testimony related only to the EJ component of the bill. The version we sent represents the Agency's position at this point.

Thanks,  
Megan

Thanks, Megan. We feel the same way about our conversation and look forward to reviewing the Agency's proposed changes. We will certainly circle back with any questions we may have.

Meanwhile, are you able to confirm that the attached represent the full extent of ANR's proposals at this point in time or will Deputy Secy Gendron be raising other issues during her testimony?

Onward,

Good afternoon, Anthony and Ben,

Thanks again for the great discussion on S.259 last week; I learned a lot and appreciate you taking the time to clarify a few items. Secretary Moore sent the attached to Mike O'Grady this afternoon. Please let us know if you have any questions, and we look forward to working with you as this bill continues to move.

Megan
