Thanks, Jane. This all makes perfect sense. I wish you the very best on all the important work that is on your plate. We'll stand by to hear from you when the time is right later in the summer.

Onward,
Anthony

Evening Anthony

Nice to hear from you. We would love to meet with you, but it will likely need to wait till later in the summer. The next week and a half is busy with wrapping up both the Climate Action Plan and the Resilience Implementation Strategy. In addition, we are working to meet with the Treasurer's Office next week on timelines, as well as put together a spending plan for our Act 122 funds. Both of those are needs prior to being able to communicate with you all on what ANR still needs to advance the work, as well our workplan. It looks like you are off when I get back from vacation too so let's plan to connect once you return mid-summer.

I hope that works and we look forward to making that happen.

Best,
Jane

Hi Jane and Rachel,

Now that the dust has settled on the session, Ben and I wanted to see if you would be willing to schedule a short call or meeting to debrief on the somewhat disappointing results of the session as far as superfund implementation funding goes with an eye toward understanding next steps and additional opportunities to provide ANR support in the run up to next session.

I am generally around, with some scattered days off, until mid-July when I take a full summer break for 2 weeks. I believe Ben is also around to schedule a meeting in that time frame. I can suggest specific dates and times in the

next couple of weeks if you are amenable or I welcome you to make some suggestions.

We have already had a similar meeting with the Treasurer's Office team. They did not feel the need to be part of the meeting we are requesting with you, but would be willing to participate if you felt it would be useful.

Thanks in advance for considering this request.

Onward,
Anthony
